

Monthly Budget

\$20,000 ANNUAL SALARY

\$90,000 ANNUAL SALARY

Monthly net pay (After taxes)

Rent (30% of your net pay)

Transportation (Let's say you have a car and the payment is \$530/month, the U.S. average for a new vehicle)

\$530

\$530

Food (Budget \$100/week)

Cell phone

- Low: \$50

- Mid \$100

- High: \$150

Electricity (\$128.50 is the average monthly bill in Texas)

\$128.50

\$128.50

Child care (May include child support)

- Low: \$300

- Mid \$800

- High: \$1,500

>> WHAT'S LEFT?

Add up all monthly expenses from rent through child care, then subtract that amount from the monthly net pay to see what you have left at the end of the month – or what you still need.
